

## Make your own RAMADAN MUBARAK Banner!

1. Paint or decorate your Ramadan Mubarak lanterns. You can use tissue paper, foil, sweet wrappers, potato stamps or finger painting – get as creative as you like!
2. Cut around the lantern shapes.
3. Hole punch the hole at the top to hang
4. Use some string and thread through each lantern until it reads RAMADAN MUBARAK!
5. You can hang it up in your living room or even your bedroom!

**Top Tip:** Recycle the same banner for Eid – use the attached lettering to spell EID. Take off the lanterns that spell RAMADAN and thread through the lanterns that spell EID MUBARAK instead!
